

The Cutting Edge Saw™

BNCE-20-18V
Cordless Model

The Cutting Edge Saw™ has a unique flush-cutting blade guard that greatly reduces blade exposure. It also has a double insulated power harness and is ETL Certified & Listed.

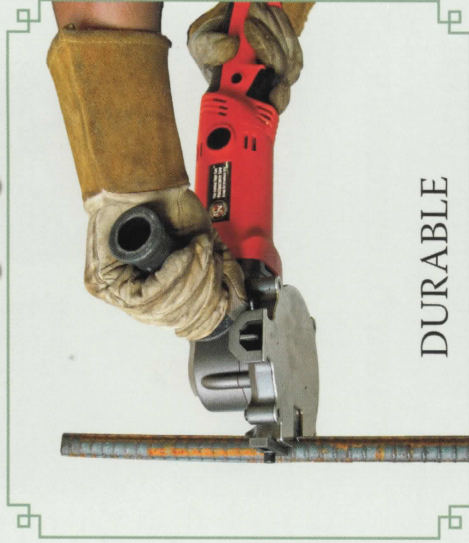

The tool is designed to emit minimal cutting sparks and the cut material is burr-free and cool to the touch. Also available as a battery powered tool: BNCE-20-18V (see the picture above)

BNCE-20
Corded Model
120V/60Hz

This compact and lightweight tool has a 3-position removable side handle and a rotating trigger handle that provides the operator with multiple cutting positions and increased maneuverability in tight areas.

This amazing tool can cut a variety of materials including rebar, all-thread rod, coil rod, EMT conduit, pipe, tubing, burglar bars and more... It is designed to cleanly cut the material FLUSH with the surface.
